

## What's New 'Cliff Notes'

### Equinix Fabric 2022.1

Equinix Fabric 2022.1 is available February 14, 2022.

This release includes continued improvements to the Connections Inventory, as well as a new self-service virtual connection migration option.

#### Connections Inventory

The Connections Inventory offers a singular view of all Layer 2 connections, with advanced filtering and search capabilities for easier accessibility. Go to the **Connections** menu and select **Connections Inventory** to view, edit, or delete existing connections.

#### Virtual Connections Migration

Migrate your Layer 2 Virtual Connections between two origin ports and within the same metro, without submitting a support ticket.
